## Sports

We have started doing football training sessions every Thursday after school. Every child from 2nd class to 6th class can participate in training. Last Monday girls from 4th to 6th class went to Martinstown to play in the mini 7's football blitz. We played four matches altogether, we won all four of them. We made it through to the final. We played Bruff in the final and beat them by one point. It was a great achievement for our 4th to 6th class girls. The girls are playing another blitz Thursday week. We wish everyone in the team good luck. We would like to congratulate the under 12's, under 14 and under 16 girls from Galtee Gaels for getting into county finals. Congratulations to the Junior men for winning the South Final.

## Our New Juniors

We have twelve new juniors in our school. There are four boys and eight girls .We hope they have a great year!

By Melody McGrath & Tara Lewis

## School Assembly

At the end of every month we have a school assembly for our school. We will be giving the newsletter out that month.

We will be talking about things that happened during the month.

By Abbie Cleary & Conor McNamara

## Environment Corner

### “Reduce Reuse Recycle”

In school we reuse our lunchboxes every day to bring in our food to reduce the amount of cling film ,tin foil paper used.

This is great for our environment . In school we recycle paper and plastic. We encourage our families to recycle at home also. If we all work together we can make our local environment great.

## Active school week

This week is Active school week. This is an event to make schools active. We are doing The Run around Europe challenge. We are trying to reach a capital city of a European country,each lap is one kilometre. On Tuesday the 26th we went for a hike up the Vee. On Wednesday and Friday we did circuit training and it was great fun.

By Conor McNamara.

## Whizzkids

Every Thursday Whizzkids come in to our school to do scratch coding for 3rd to 6th class for one hour. We make a game with coding. We can programme our character to run across the stage in circles. We are doing it for 10 weeks and we are looking forward to learning more about coding.

By Louis Gorey.

## Healthy Lunches

Healthy Lunches will benefit the pupils of our school. It is important to bring healthy lunches to school because it helps our body and mind to be healthy. When we eat healthy food we can concentrate more in school.

By Maurice Fitzgerald and Cillian Russell
